Narrative			

I, Officer TL Icom #5183, was working uniformed patrol. Sergeant Richens directed me to conduct "knock and talk" interviews at every residence on the north side of Stearns, west of 7053 Stearns St. I was instructed to ask the occupants what they knew of the occupants residing at 7053 Stearns, and if they heard or saw anything unusual yesterday morning. I was to also check each residence for a cameras/surveillance system. As I was completing the interview at 6931 Stearns, I was notified by Officer Ritchie I did not need to conduct any further interviews to the west. None of the residences west of 7053 Stearns all the way to Studebaker Road have cameras/surveillance systems except for 6931 Stearns. None of the people I interviewed heard or saw anything unusual yesterday.

7047 STEARNS STREET

The adults were not home. The babysitter (Sophia Seissman) does not live at the location nor was she at this home yesterday.

7041 STEARNS STREET

Officer Mortensen was already interviewing this resident.

7035 STEARNS STREET

Three adults live at this residence, Matthew Coffey, James Post and Joy Post.

MATTHEW COFFEY told me the following: He is a tenant at this residence, and has lived her since July 4, 2013. He has never met the occupants of 7053 Stearns and has no idea who they are. Yesterday he woke possibly around 0900 hours. He was home all day.

JAMES POST told me the following. He knows the male resident of 7053 Stearns as, "Huck" but does not remember the female's name. He believes Huck is in construction, and the lady is in interior design. He moved here in September 2006. Dating back to when he first moved in he recalls talking to Huck about remodeling, and Huck showed him architectural drawings the lady had done. He last talked to Huck a couple of years ago when he indicated he was interested in selling his mother's house and they discussed the real estate market as James is a real estate agent. Since then they have just exchanged pleasantries. He went to bed Sunday night around 2300 hours, and left for work yesterday around 0830 hours.

JOY POST told me the following: "Huck" is a handyman or general contractor and he does all his own

LONG BEACH POLICE DEPARTMENT**Narrative**

landscaping. His wife is an architect and she drives a "Mini." Huck did construction work on their neighbor's house at 7041 Stearns. She was in Huck's house once, about seven years ago. Both Huck and his wife walk their dog (a light colored 80 pound sleek dog, not a greyhound but similar build) around the neighborhood and behind the houses on the golf course. Huck does, "neighborhood watch" and is bold enough to knock on car doors of occupants he doesn't recognize in the neighborhood.

7029 STEARNS STREET

The occupants here are Mark Nixon and Devon Day.

MARK NIXON told me the following: He knows the occupants of 7053 Stearns as "Hawk" and "Dana." Dana just turned 50 years old. He was standing in his front yard with Devon Day yesterday around 1700 when his neighbor, Mirian (at 7041 Stearns) pulled her vehicle alongside the curb and told them she had just checked her messages and found Hawk had called saying Dana had fallen and was in the hospital. When she returned around 2100 hours, she told him she thinks Dana will die. Dana had hit her head doing yoga and slipped or blacked out. She hit her head on something. He described Hawk as having a gruff manner but is easy to talk to. He said he used the word "gruff" because Hawk looks focused, and does not smile until you start talking to him. Devon and Hawk compare notes regarding gardening and vegetables. They have never had the couple to dinner, but they have attended parties in Mark's home. Mark was home all day yesterday, but he may have gone to the gym around 1030 hours. Hawk walks his dog around the neighborhood.

DEVON DAY told me the following. She does not know Dana. Whenever she visits, Dana is usually at work - perhaps as a decorator? Huck is private but he enjoys cooking and health food. She takes him bread she bakes and he will give her things he has made such as barbecue. Huck's parents have passed away, and is closer to Dana's family in Colorado. Huck has silver making, jewelry and leather tooling equipment. He is good with electrical systems and did all the sound system in his home. He is always sweet, pleasant and friendly. Huck and Dana walk their dog together. Huck had a back injury a couple of years ago, so he is a "house husband" and takes care of the home, keeps it clean and cooks. He built a room in the home for meditation. She and Mark have had the couple over for parties but not for dinner. She did not know an ambulance had come yesterday. She spent the day knitting, and may have gone shopping at Home Goods yesterday morning. She was in front of their home yesterday with Mark when their neighbor, Mirian, pulled over to tell them she had checked her messages and found Hawk had called saying Dana was in the hospital.

7023 STEARNS STREET

William Anastas and Susan Roberts live in this residence with a mentally retarded son who is not articulate.

WILLIAM ANASTAS told me the following. He knows the occupants as Huck and Dana, but he does not know them well. Huck is a contractor, and Dana is a designer. They have not talked much for years because they had a bit of a disagreement over letting their dog play in the golf course behind their homes. It had created a ruckus for them and their tenants (he owns the home next door at 7017 Stearns). He left home yesterday around 0700 and did not return until around 2000 hours.

SUSAN ROBERTS told me the following: Huck and his wife seem like nice people. They are nice neighbors and say hello when they (she, or Huck and his wife) are walking their dogs. She was home all day yesterday. Huck was working in his front yard or parkway the past couple of days. She was not sure if that was Saturday (3/2) and Sunday (3/3), or Sunday and Monday (yesterday 3/4). She gets up at 0500 hours and has her son out front for the school bus around 0615 hours, so if she saw him in his yard it would have been around 0900 hours perhaps.

After I had left and was knocking two doors down (at 7011 Stearns) Susan told me the occupants were not home. She could tell because their cars were not out front. She asked me if Dana was ok. She had seen all the police cars and was worried there could have been domestic violence. She said Huck is, "Armed." She clarified and said she knows Huck has guns in his house because he has told her he has them. He told her he has cameras on his home so if it is ever burglarized there will be evidence he acted in self defense. She kept asking me, "Is she ok?"

7017 STEARNS STREET

Report Officer 5183/ICORN, TINA L	Printed At 09/16/2014 15:15	Page 5 of 6

LONG BEACH POLICE DEPARTMENT**Narrative**

Neville Amaria and Brandon Bautista are the tenants in this home.

NEVILLE AMARIA told me the following: He has no idea who lives at 7053 Stearns.

BRANDON BAUTISTA told me the following: He and his roommate have lived here since 2010. He does not know who lives at 7053 Stearns.

7011 STEARNS STREET

There was no response to my knocks at 2210 hours.

7005 STEARNS STREET

There was no response to my knocks at 2215 hours.

6953 STEARNS STREET

Karen Stuckey and Stephen Kilstofte reside here.

KAREN STUCKEY told me the following: She does not know who lives at 7053 Stearns. She was home yesterday until about 0830 hours. There was construction activity on the street but no other unusual activity.

STEPHEN KILSTOFTE told me the following: He does not know who lives at 7053 Stearns but he admires the uniqueness of their yard.

6947 STEARNS STREET

There were no answers to my knocks on this door at 2232 hours. The mailbox lists the occupants as, "Kelly and Nadine Coy."

6931 STEARNS STREET

This residence looks like a preschool. My knock was answered by EDITH HINOJOSA who speaks limited English. She indicated she does not know who lives at 7053 Stearns Street. This home is owned by Joseph Vilaseca 562-257-8587. He lives a few blocks away and he should know how to operate the surveillance system for this residence, which appears to have cameras that face the front and sides of the residence.
