## Narrative

While working uniformed patrol as 2C90, I (Officer Moody #6260) was dispatched to St. Mary's Hospital ICU Module 5 regarding a subject who was brought into the hospital with suspicious injuries.

Upon my arrival to the ICU unit, I was met by RN Ferdinand Del Rosario. I asked Del Rosario who was here with the suspicious injuries and he told me Dana Jones, who was in bed 3, was brought in yesterday morning by paramedics for a head injury she suffered while doing yoga.

I asked Del Rosario if we could speak in private. He agreed as we went into a break room across the hall from ICU Module 5. I asked Del Rosario to tell me what he knew regarding Dana Jones and he said she is brain dead. Del Rosario told me Dana Jones was brought into the hospital on March 3rd, 2014 at approximately 0930 hours, with a head injury she suffered while doing yoga at her residence at 7053 Stearns Street. Del Rosario said he heard from other nurses in the module that Dana Jones' husband was in the residence in another room when he heard her fall.

I asked Del Rosario if Dana Jones had any visitors in her room right now and he said there were five family

**LONG BEACH POLICE DEPARTMENT****Narrative**

members in there, including her husband (Cain Finn Jones).

Due to the possible suspicious circumstances surrounding Dana Jones' injuries, and because her husband was in her room, I requested additional units to respond pending my investigation.

Sergeant Richens #6056, Officer Ritchie #5323, Officer Johnson #5146, Officer Armond #5523, and Officer Oak #10573 responded to assist.

I asked Del Rosario who the doctors were that treated Dana Jones. Del Rosario said Dr. Heilbron Jr. was her emergency room trauma doctor, Doctor Le May was her neuro surgeon, Doctor Carrillo-Nunez was her neurologist, and Lisa Johnson was her Nurse Practitioner.

I called Dr. Heilbron and asked him if he recalled treating Dana Jones. Dr. Heilbron said he did recall treating her.

I asked Dr. Heilbron if he could explain her condition to me when she arrived to the hospital and he told me the following: Dr. Heilbron said Dana Jones arrived at the hospital yesterday morning with a serious head injury. Dr. Heilbron said Dana Jones had a laceration to the back of her head and a blown pupil. Dr. Heilbron said Dana Jones underwent a CT scan which revealed she had bleeding on the front and back of her brain and a skull fracture on the back of her head approximately 3 inches in length.

I asked Dr. Heilbron what he was told in regards to how Dana Jones received her injuries and he said he heard that she was doing yoga in her residence when her husband in the other room heard her fall. I asked Dr. Heilbron if he believed a person could receive injuries like Dana Jones from falling while doing yoga. Dr. Heilbron said, "It could be just a freak accident but in my opinion it looks suspicious. Something could have hit the back of her head causing a lot of trauma. Where ever this incident happened, there will be a lot of blood from the laceration on the back of her head. I have seen trivial injuries turn bad though."

Sergeant Richens was advised of the above.

During our preliminary investigation at the hospital, Dana Jones' family and husband left the hospital.

Sergeant Richens contacted Homicide Detectives and advised them of the above. Sergeant Richens then ordered Officer Armond and Officer Oak to respond to Dana Jones' and her husband's residence at 7053 Stearns Street. For further, see Officer Armond and Officer Oak's report.

Believing the circumstances surrounding Dana Jones' injuries may be suspicious, I prepared a search warrant for the residence of 7053 Stearns Street, which was signed by Los Angeles Superior Court Judge Meyer.

I gave the signed search warrant to Detective T. Johnson, who searched 7053 Stearns Street with Detective R. Zottneck. For further, see their follow-up report.

I booked a copy of the search warrant into evidence.

SW No. \_\_\_\_\_

STATE OF CALIFORNIA - COUNTY OF Los Angeles  
(Name of County)

## SEARCH WARRANT AND AFFIDAVIT (AFFIDAVIT)

C. Moody swears under oath that the facts expressed by him/her in this Search Warrant and Affidavit  
(Name of Affiant)  
and in the attached and incorporated statement of probable cause are true and that based thereon he/she has probable cause to believe  
and does believe that the property and/or person described below is lawfully seizable pursuant to Penal Code Section 1524, as indicated  
below, and is now located at the locations set forth below. Wherefore, affiant requests that this Search Warrant be issued.

C. Moody NIGHT SEARCH REQUESTED: YES ☒ NO ☐  
(Signature of Affiant)

## (SEARCH WARRANT)

THE PEOPLE OF THE STATE OF CALIFORNIA TO ANY SHERIFF, POLICE OFFICER OR PEACE OFFICER IN THE COUNTY OF

Los Angeles: proof by affidavit having been made before me by C. Moody,  
(Name of County) (Name of Affiant)  
that there is probable cause to believe that the property and/or person described herein may be found at the locations set forth herein and is lawfully  
seizable pursuant to Penal Code Section 1524 as indicated below by "x" (s) in that:  
☐ It was stolen or embezzled  
☐ It was used as the means of committing a felony  
☐ It is possessed by a person with the intent to use it as means of committing a public offense or is possessed by another to whom he or she  
may have delivered it for the purpose of concealing it or preventing its discovery,  
☒ It tends to show that a felony has been committed or that a particular person has committed a felony,  
☐ It tends to show that sexual exploitation of a child in violation of Section 311.3, or depiction of sexual conduct of a person under the age of  
18 years, in violation of Section 311.11, has occurred or is occurring  
☐ There is a warrant for the person's arrest.

YOU ARE THEREFORE COMMANDED TO SEARCH: The residence of 7053 Stearns Street, Long Beach, California,  
county of Los Angeles. 7053 Stearns Street is a single story residence with olive green siding, white trim, brown  
roof, and a wood front door that faces east. The number "7053" is located on a brown post in the front yard. 7053  
Stearns Street is located on the north side of the street and is the 4<sup>th</sup> house west of Volk Avenue.

FOR THE FOLLOWING PROPERTY/PERSON: Any evidence related to the possible crime of murder including but  
not limited to all rooms, attics, basements, garages, mail boxes, vehicles including a gray Toyota Tacoma (31454F1,  
Ca) blue Chevrolet Silverado (6Y63051, Ca.) and a white Toyota Prius with Hooman paper plates, surveillance  
cameras, surveillance footage, any and all surveillance equipment, and other containers and parts therein including  
clothing, any instrument that could cause any injury conducive to that of which Dana Jones received, blood, cellular  
phones, electronic equipment, etc.

AND TO SEIZE IT IF FOUND and bring it forthwith before me, or this court, at the courthouse of this court. This Search Warrant and  
incorporated Affidavit was sworn to as true and subscribed before me this 4 day of March, 2014,  
at 9:38 A.M. Wherefore, I find probable cause for the issuance of this Search Warrant and do issue it.

[Signature] NIGHT SEARCH APPROVED: YES ☒ NO ☐

**Narrative**

On 3/4/14, my partner (Officer R. Armond #5523) and I (Officer E. Oak #10573) were working uniform patrol as Unit 2C91 in a marked black-and-white police vehicle. We went to assist Unit 2C90 (Officer C. Moody #6260) at Saint Mary's Medical Center at 1050 Linden Avenue regarding an assault with a deadly weapon report call which was later determined to be an undetermined death call (Call #1405).

Upon arrival Unit 2S20 (Sergeant M. Richens #6056) was already on scene and sent us to 7053 Stearns Street to secure a residence.

My partner and I arrived at 7053 Stearns Street at 1942 hours. Sergeant Richens told us no one is to enter or leave the residence because it was a possible crime scene and homicide was notified. Cain Finn Jones resides at the residence and arrived with his relatives in a new, white Toyota Prius with paper dealer plates (VIN JTDKN3DU6E1746947) and parked it in front of his residence in his driveway.

I spoke with Jones who stated the following information. On 3/3/14 at approximately 0930 hours, Jones went out to walk his dog while his wife (Dana Kathleen Jones) went into the recreation room to perform yoga. Jones stated he walked the dog routinely almost everyday while his wife performed yoga in the recreation room. Jones walked around the neighborhood and through the park for approximately 45 minutes and came home. When he got home he washed his feet and his dog's feet with the hose in front of his house.

Before going into the house, Jones would say, "Lizards" and his dog would start pattering his feet around as if looking for lizards. He did this to help dry the dog's feet after washing them off. Jones went inside with his dog and noticed the dog quickly ran towards the recreation room. The recreation room was closed and Jones could hear his wife's I-Pad yoga application playing in the room so he knew she was still doing yoga but he could not see her.

Normally, he said she would come out and give the dog granola and nine blueberries for breakfast. Since she was still doing yoga, he went into the master bathroom and saw a bag filled with clothes that was not picked up by charity. He thought to himself that he needed to drop the clothes off that day and started getting ready to leave. He then saw an old package that he needed to mail out that day. It was a birthday gift for his nephew, which he

Report Officer <b>10573/OAK, EDWIN S</b>	Printed At <b>04/14/2014 16:25</b>	Page 2 of 6
---	---------------------------------------	-------------

**LONG BEACH POLICE DEPARTMENT****Narrative**

needed to mail that day in order for it to make it in time for his nephew's birthday. He completely forgot about the charity bag filled with clothes and was thinking how he had to go to the post office in Los Alamitos to drop off the package.

As he began to grab his belongings and his car keys to get ready to go, he heard a loud crash. He thought maybe it was construction because it sounded like wood being hit. He first thought it was possibly construction outside and started to look around. He then thought he should go check on his wife, and so he went into the recreation room.

When he opened the door to the recreation room, he saw his wife lying on her back on the ground semi-unconscious. Her head was facing in westerly direction, with her hands crossed over her stomach area and she was slowly moving her feet as if trying to get up but was unable to. There was a yoga mat in the middle of the room and her calves were the only portion of her body that was on the mat. Her head was approximately 18 inches from the wooden hutch (Japanese Tansu Hut). She didn't show any blood when he saw her lying there.

He quickly got down on his knees and placed his right hand underneath her head. He slowly pulled his hand back and saw she was bleeding. He began to freak out. She kept saying, "I got to finish, I got to finish," but in a manner which was unclear. Jones said he understood what she was saying but it was obvious to him that something was not right. He called 911 and asked for help and then called his neighbor at 7052 Stearns Street. He is not sure if he called 911 first or after he called his neighbor. His neighbor is a retired firefighter and he left a message asking for help because he began to see his wife fading. Her eyes were slowly closing and he could see she was losing consciousness. He began to gently slap her cheeks to keep her awake. He stated he saw it done on T.V. and remembered to not let people slip into sleep when they are injured, and so he was attempting to keep her awake until help arrived. She continued to close her eyes and lose consciousness during this time.

When the Long Beach Fire Department arrived, they asked him to step outside of the room and they stated to him, "Let us take over, please step outside." Jones left the room and the Long Beach Fire Department treated his wife and began to prepare her for transport to the hospital. They asked which hospital he wanted her to be transported to and he said to Saint Mary's Medical Center. He said he chose Saint Mary's because he knew some people on his street that worked there.

As the Long Beach Fire Department was departing the residence, he noticed they forgot their EKG machine in his house and ran out and stopped the paramedics as they were departing. He gave them their EKG machine and then gathered all the documents he believed would be necessary at the hospital such as insurance cards and identification cards.

He left to the hospital with all the necessary documents and remained there until later that evening at approximately 1930 hours. He left after they stopped taking payments in the parking lot at Saint Mary's because he remembered not paying when he left. When he got home, he was very distraught and took some valium and alcohol in front of his T.V. and fell asleep watching T.V.

When he woke up the next morning on 3/4/14, he began to get texts from his family members. Throughout the day, he began to call his wife's clients and canceling the meetings she had for the day. He was notifying people that she was not going to be able to meet with them that day and also began to call others to notify them of what occurred. A neighbor came by and began talking to him about what happened and he briefly spoke with him regarding the incident. He also began gathering medication for his dog, his dog's toys, his dog's bedding, treats, a cooler, and other necessary items for his dog to stay at the dog kennel on Cherry. Jones had to call the vet and order more medication for his dog as he was running low.

During this time (he was not exactly sure when, but in the morning time) a neighbor, Marian Yeargin, who lives a couple houses down came over and asked Jones if she could help him with anything. He asked her if she would take a walk with him and they took a long walk around the neighborhood. When they returned to his residence, he asked her if she would help clean up the blood in the recreation room. Since Yeargin use to be a nurse, he said the site of blood did not offend her. Jones could not bare seeing the blood and being reminded of his wife lying there on the ground. Jones and Yeargin went in and washed the dried blood away. Yeargin began to scrub very hard and began to remove the black stain that was on the concrete. This caused a brownish/yellowish color to appear and Jones stopped Yeargin from scrubbing any more. There on the ground, he saw a circle on the

Report Officer 10573/OAK, EDWIN S	Printed At 04/14/2014 16:25	Page 3 of 6
--------------------------------------	--------------------------------	-------------

**LONG BEACH POLICE DEPARTMENT****Narrative**

concrete where the black stain was scrubbed off and it was a constant reminder to him of where her head was lying when he entered into the room.

Jones stated the cleanup took only a few minutes and he threw away the towels they used to clean up the blood, along with the yoga mat that was in the room. He placed a candleholder where her head was and lit several candles. The trash was picked up that day so the yoga mat and t-shirt used to clean the floor were no longer in his possession. He later went to the hospital around 1115 hours, after he had made many phone calls and had taken care of his dog. He remained at the hospital until returning home tonight and was very compliant with us.

Jones was very open and understanding. He was frustrated that Long Beach Police did not come out yesterday when he called 911. He gave us access to his surveillance video footage around his house and stated he understood why we were out there. Jones stated they had no financial issues and also said, "I am the housewife," and stated that he cleans and takes care of the house, his wife is self-employed and works as a designer. He also shared his mother and father died recently due to cancer and that his wife was the only family he had left. He was very sad throughout the interview and was willing to do whatever necessary to help with the investigation.

Officer C. Moody #6260 wrote a search warrant at the direction of Homicide Detectives. For further, see Officer Moody's follow-up report.

We waited for Homicide Detectives to arrive to enter the property. Unit DH12 (Detective R. Zottneck #5613 and Detective T. Johnson #5774) arrived on scene and the search warrant was served.

I observed the following information while performing a walkthrough of the scene. The residence is a single story residential building on the north side of Stearns Street. There is a driveway located on the west side of the residence that leads to the back of the building. There is a brown metal and wooden gate, which prevented access to the back of the building on the west side of the residence above the driveway. There is an electronic control box and keypad that controls the gate. The residence also has three security cameras located on the front of the residence facing south just between the driveway gate and the walkway, which is made of stone, located in the middle of the property.

On the east side of the front residence there are two raised wooden planter boxes with some vegetables and plants growing inside them, some miscellaneous plants and a statue approximately eight feet tall. There is also an approximately 9 foot tall plant located on the south east corner of the property near the sidewalk, which contained a camera at the top, above a simulated candle lantern emitting orange light.

The walkway leads to a wooden and metal gate from the sidewalk. The walkway is lined with small plants and rocks. There is an approximately 9 foot tall wooden windmill surrounded by rocks and vegetation located just west of the walkway. A wooden and metal gate separates the front of the residence to the front porch area of the residence. To enter into the front porch area of the residence, a code must be entered on an electronic control box and keypad, which also contains a camera. This electronic control keypad and camera is located just east of the wooden and metal gate entrance leading to the front porch area. The wooden and metal gate door has three Japanese characters written vertically on the door. There is also a metal mailbox and a house mounted on the wall located just west of the wooden and metal gate door.

The front porch area of the residence is an enclosed patio area where there is a gas powered heat lamp, two wooden patio seats, a fire pit, statues, a pond, chair cushions leaning against the house, and a few house plants. There is an east facing front door to the west, a south facing window just east of the front door, along with a camera located above the window to the east. There is also a south facing glass door on the east side of the residence in the enclosed patio area that leads to a recreation room. There were also red Christmas tree lights hanging from above the south facing rooftop edge that were on when we entered.

As I entered into the residence from the front door, I observed a kitchen to the south of the entrance. There was a kitchen island with two seats located in the middle of the kitchen. Directly ahead of the front door on the other side of the wall, there is another door that leads outside to the driveway. Above that door is a security camera. Just south of that door is a wooden stand where there was an I-Pad laying on it. North of that door are two windows. In front of the windows is a couch facing east. There is a small glass stand just south of the couch. In front of the couch is a small round glass coffee table with a square carpet underneath it. On the eastern wall,

**LONG BEACH POLICE DEPARTMENT****Narrative**

across from the couch is a T.V. mounted on the wall with a furnace just south of it. South of the furnace is a clock on the wall and just south of that is a glass door with notes written on it. North of the T.V. is a hallway that extends eastward.

North of the couch near the kitchen is a dining room table with orange chairs. There was a pair of low top hiking shoes under the eastside of the dining room table. There was a laptop open on the dining room table on the northwest corner of the table, along with miscellaneous papers and mail on the northeast corner of the table. North of the dining room table is a window approximately four feet by five feet that leads to the backyard. Just east of that window is a security camera located on top. East of that window is another room (den), which contains two couch chairs on the west side of the room, another T.V. mounted on the east wall and a window on the north wall. There is a west-facing door located west of the couch just east of the window in the dining room that leads to the backyard and garage.

In the hallway there is a door leading to a bathroom on the north, which contains a bathtub, sink, and toilet. There is a closet door located south in the hallway just across from the bathroom. There is a digital DVR recording device in the closet along with miscellaneous other wires. Approximately halfway down the hallway to the south is another door leading to an office space that contains a drafting table, chair, miscellaneous papers, and drawers. At the end of the hallway, there is a door located on the south that leads to a recreation room, while the hallway continues north towards another bathroom and bedroom. There is also a closet on the east wall of the hallway that contains a washer and dryer.

There is a wooden hutch (Japanese Tansu Hut) approximately two feet deep, by seven feet wide, by five feet tall, located on the west wall of the recreation room. The recreation room had a wooden basket located on the north east side of the wall, just south of the basket is a short wooden table with free weights located underneath the table. There are miscellaneous masks and artwork hanging on the east and south walls. The floor of the room is stained black concrete. East of the wooden cabinet on the floor is a circular light brown pattern where, according to Jones, the concrete stain was removed due to scrubbing out the dried blood stain left by his wife after the incident. Jones stated he and a neighbor (Marian Yeargin) cleaned the dried blood together that morning and in doing so removed the concrete stain, causing discoloration. Jones placed a white candleholder just west of the discoloration on the concrete floor. There is a door leading to the front enclosed patio on the east part of the south wall. There is a closet located on the north wall filled with miscellaneous items.

In the hallway there is another closet on the west wall and a door leading to a bathroom on the end of the hallway on the east side. The bathroom contains two sinks located on the north wall, one on the west and one on the east side. There was a pile of clothes underneath the sink on the west side. A toilet is located just south of the east side sink and a shower is located on the southwest corner of the bathroom.

Outside the hallway leads into a bedroom where there is a wooden dresser on the west wall, window with curtains on the north wall and a bed centered in the middle of the room against the east wall. To the north and south of the bed against the east wall are nightstands. There were two pairs of sandals located just south of the wooden dresser and a black sweater located on the southwest corner on top of the bed.

In the backyard, accessed through the door in the den, there is a detached garage with miscellaneous items filling the garage located northwest of the residence. There was a gray Toyota Tacoma four door pick-up truck (CA, license plate 31454F1) facing northbound located south of the detached garage. There were four security cameras located outside in the backyard, one on the northeast corner of the detached garage, one just west of the dining room window on the corner of the residence, another just north of the backyard door on the corner of the residence and another located on the northeast side of the residence.

Lab Unit L1 (C. Moncure #7411) responded and processed the scene and collected the evidence.

Unit 2A71 (Officer A. Vega #5944 and Officer B. Craney #10575) responded and drew the sketch of the scene. For further, see Sketch.

I maintained a Crime Scene Log. For further, see Crime Scene Log.

Unit 2S20, Sergeant M. Richens #6056 responded on scene.

## Narrative

I, Officer K. Mortensen #5290, working Unit 2C15 in a marked black and white vehicle assisted 2S20, Sergeant M. Richens #6056 at 7053 Stearns Street regarding an Assault with a Deadly Weapon report call.

Upon arrival, I talked with a neighbor located at 7041 Stearns Street, who Cain Jones identified as a friend who helped him clean the room where the incident had occurred. I talked with Veargin who stated she has known both Dana and Cain for approximately 12 yrs and she has a very close relationship with both.

Veargin stated she arrived home on 03/03/14 at approximately 1530 hrs, and was told by a neighbor that Dana was in the hospital. She called Cain, she refers to him as "Huck" and then drove directly to St. Mary's Hospital and arrived there at approximately 1630 hrs. Veargin left the hospital and drove home at about 2030 hrs.

The next morning Veargin could not remember if she called Huck or if he called her. She asked him if he needed anything and he asked her if she could go with him to walk the dog. She agreed and they walked to the park with the dog. After the walk, she asked Huck if he needed help with anything else and he asked her if she would help him clean the room where the incident happened and she agreed.

Veargin stated that she had been an ER nurse for 25 years and that the sight of blood does not bother her. Veargin said she was in the house and saw that the door to the Yoga room was closed. She said this was normal in order to keep the dog out of the room. She entered the room and saw that there was a blue yoga mat and a white towel on the ground. She believes there was a couple drops of blood on the yoga mat and stated that she wasn't paying attention to the towel, so she does not remember if there was any on it.

Report Officer <b>5290/MORTENSEN, KEITH E</b>	Printed At <b>04/14/2014 16:25</b>	Page 1 of 2
--	---------------------------------------	-------------

**LONG BEACH POLICE DEPARTMENT****Narrative**

I asked how much blood was on the ground and she stated that she was not paying attention to it and just helped clean it. I asked if the blood was already dry and she stated that it was. Veargin said that she stayed with Huck the entire time, and she believes that he made a concentrate of warm water, simple green and bleach. He placed this into a bucket and she thinks she used a sponge to clean it up the blood. Veargin said that Huck helped and he used a brush of some kind.

I again asked her how much blood was on the ground and asked her to show me using her hands, and she stated that she really couldn't say. After cleaning the blood she brought the trash cans to the front of the backyard and Huck threw the towel and yoga mat away.

I asked her if anything seemed out of the ordinary in the room and she stated that she has been in that room several times and nothing looked out of place. I asked her to describe the relationship between the two and she stated, "Total love and devotion."

I did not ask any further questions.

<b>Narrative</b>		

I (S. Ritchie #5323, Unit 2C18) responded to St. Mary's Medical Center (SMMC) to assist Officer C. Moody #6260 (Unit 2C90) on a report of a possible assault with a deadly weapon that occurred on the morning of 3/3/14 at 7053 Stearns St. The possible assault victim was in ICU Module 5, was reported to have some type of head injury and there were several family members present that needed to be interviewed. The victim is identified as Dana Kathleen Jones, DOB 8/6/63, CDL #A7673776.

When I arrived in the SMMC ICU, I contacted Sergeant M. Richens #6056 (Unit 2S20) who asked me to contact the Emergency Room (ER) staff to see if any of them were present when the decedent was brought into the ER and to get their statement. He also asked me to contact the LBFD personnel that responded to the decedent's home to get their observations of the scene and the victim's injuries.

I went to the SMMC ER and spoke with K. Jones (ER Charge Nurse) who told me the following:

Jones was present in the ER on 3/3/14, when the decedent was brought in by LBFD Rescue 2. The LBFD staff reported when they arrived at the residence, the decedent was non-verbal but able to answer their questions by squeezing their hand. Jones said she wasn't one of the treating staff but saw the decedent and doesn't recall seeing any visible injuries to her face or body. Given the decedent's inability to talk and her unequal pupils, the ER staff initially thought the decedent suffered a stroke. The doctor ordered a CT scan and the results showed the decedent had a basal skull fracture to the left occipital area, a large occipital hematoma and a large frontal hematoma. The ER staff spoke with the husband who said the decedent was doing yoga and he was in another

--	---------------------------------------	-------------

**LONG BEACH POLICE DEPARTMENT****Narrative**

room of the house. The husband said he heard some kind of sound in the yoga room, went in and found his wife lying supine on the floor. Jones said the ER staff discussed the statement given to them by the husband and what the CT scan results showed and believed it was an "odd injury for the story."

I contacted LBFD and learned Engine 22 and Rescue 2 responded to the 911 call at the decedent's home. The Captain of Engine 22 is M. Gruniesen and the Paramedics in Rescue 2 were J. Thralls and N. Marantz.

I eventually spoke telephonically with two LBFD Personnel - Paramedic Jeff Thralls (Rescue 2) and Paramedic Keith Dixon #70855 (Engine 22). They gave me the following statement:

Thralls said when he arrived, he took over documenting the victim's injuries. Paramedic Dixon was the person assessing and treating the victim. Thralls said the victim was lying supine in kind of the middle of the floor of a large exercise room. She was at least 3 feet away from any furniture. There was no yoga mat on the floor of this room. As the victim was being treated, Thralls noticed some blood on the floor below her head. Dixon reported the victim had a large hematoma at the base of the skull (under her hair) and the blood on the floor was from this hematoma. Thralls estimated there were 20 drops of blood on the floor. I asked him if there was blood anywhere else in the room (other drops or smeared drops on the floor or blood on any furniture or objects) but he didn't remember seeing blood anywhere but under the victim's head. Once the victim was removed from the home on a gurney and taken into the Rescue, they noticed the victim's pupils were unequal. I concluded my interview of Thralls.

Paramedic Keith Dixon said he was riding on Engine 22 which was the first LBFD unit to arrive at the victim's home. Dixon said the husband told them he was in another room of the house and his wife was doing yoga in the exercise room located at the southeast corner of the home. He heard what sounded like a "thump" and went in to check on his wife. He found her lying on the floor of the exercise room but she wasn't able to answer any of his questions. The husband called 911. Dixon said he found the victim lying supine on the floor of the exercise room.

There wasn't a yoga mat on floor of this room. The floor of this room is a dark stained concrete. Dixon said this room has some furniture and "Hawaiian art objects" but the victim was basically lying in the middle of the room away from any of these items. Dixon said the victim wasn't able to speak with them but did respond to his questions by squeezing his hand. Dixon found a large hematoma on the back of the victim's head (base of skull but in the hair). This hematoma was bleeding and there were drops of blood on the concrete floor below her head. He didn't see blood anywhere else in the room. Due to the victim's vital signs, they realized she needed to be transported to a trauma center. The husband requested his wife be taken to St Mary Medical Center. Dixon and the LBFD staff placed the victim on a gurney and took her out to the Rescue Unit. Once she was inside the ambulance the LBFD staff noticed her pupils were unequal. Dixon said Rescue 2 transported the victim to SMMC and he returned to his duties on Engine 22. I concluded my interview of Dixon.

I notified Sgt. Richens of the above statements and he asked me to respond to 7053 Stearns Street to assist Officers R. Armond #5523 and E. Oak #10573 (Unit 2C91).

About 5 minutes after I arrived at the decedent's residence, the husband arrived with the decedent's brother. The decedent's parents and sister arrived a few minutes later.

The parents are identified as Neil Edward Jones and Elaine Katherine Jones. The sister is Lisa Elaine Jones and the brother is Stephen Neil Jones. I spoke with these family members who told me the following:

The parents live in Littleton, CO, and were at home when they were notified yesterday by the decedent's husband of their daughter's severe head injury. They took a flight from Denver to LAX on the afternoon of 3/3/14 with their other daughter (Elaine) to see the decedent and arrived at LAX around 1820 hours.

The brother told me he lives in Littleton, CO, and was at home yesterday when he was notified of his sister's head injury. He flew from Denver to LAX today (3/4/14) and arrived at LAX around 0800 hours.

The sister (Lisa) told me she lives in Denver, CO, and was at home yesterday when she was notified of her sister's injury. She flew from Denver to LAX on 3/3/14, with her parents and they arrived at LAX around 1820 hours. Lisa told me the relationship between the decedent and her husband was peculiar. Lisa said her sister's husband currently goes by the name of Cain Finn Jones (he took his wife's last name after his mother died), but has two previous names of Carl Lynn Jenkins and was born as Carl or Carlos Martinez. Lisa said her sister was a

**LONG BEACH POLICE DEPARTMENT****Narrative**

very successful self-employed kitchen designer and worked out of her home. She has life insurance, a 6-figure IRA account and she bought the house but Cain had her put his name on the title. She met her husband on a job about 15 years ago where he was doing cabinet work. They've been married for 13 years. Lisa said her sister supports the family and the husband does very little work (in his career field as a general contractor). Lisa said Cain has an attitude about money where the money Dana makes is the family money and any money he gets is his money. Lisa said Cain's mom died 4 or 5 years ago, he inherited about \$100,000, but he wastefully spent this money. Cain's mom's husband (Cain's step-father) kept the house in Menifee but he died about 2 year ago. Cain sold the house and whatever he got from the sale he "pissed all the money away." Lisa said her sister said Cain was a sex addict and apparently had some type of abusive childhood. Lisa thinks Cain is insecure and her sister said he thought the decedent was going to leave him. Lisa said her sister believed Cain was possibly having an affair and there were always questions about his infidelity during their marriage. Lisa said Cain was emotionally abusive and manipulative to her sister, repeatedly accused her of wanting to leave him due to his possible unfaithfulness and pressured the decedent to financially support him. Lisa said her sister never reported any physical violence between her and Cain. Lisa said her sister loved Cain but their relationship seemed unusual.

Lisa told me the decedent was scheduled for a medical test this morning at 0900 hours and Cain was supposed to be there. Lisa drove to LAX and picked up her brother then went directly to SMMC with her parents and brother to be present for the test. However, Cain never showed up for this test and this made her suspicious. Cain did show up at SMMC between 1050 and 1100 hours. Cain told Lisa and her family that he had to run some errands, move the dog to a kennel and get some work done around the house and that's why he wasn't there at 0900 hours for his wife's test.

I concluded my interview of Lisa Jones.

I spoke with Sgt. Richens who asked me to do knock and talks beginning at 7052 Stearns St and work westbound. I spoke with the following:

7052 Stearns St., Mark and Susan Nance - Mark Nance is a retired Culver City Fireman and currently works as the Fire Safety Manager for Universal Studios. He was home sleeping on the morning of 3/3/14. Due to the sidewalk replacement construction by the City of Long Beach on their street, he had ear plugs in his ears while sleeping. He never heard LBFD arrive at the Jones residence and was asleep the entire time LBFD was on scene.

Susan Nance said she was at work yesterday morning. She came home from work just after 1200 hours. At 1223 hours, she received a text message from Cain Jones on her cell phone. This text message stated, "R U home?" She replied that she was home. A few minutes later Cain Jones called her cell phone, said his wife had fallen and suffered a head injury and they were at SMMC where Dana Jones was being medically treated. Cain asked Susan to go to his home and let their dog (Enzo) outside to use the restroom. Susan said their family has a key to the Jones home and she complied with Cain's request. Susan said later in the afternoon or evening, she found a voice mail message on the home answering machine. Susan listened to the message left by Cain (they call him by the nickname of "Huck") that was recorded around 0900 hours that morning. The message stated something like, "Travis (the Nance's 18 year old son) are you home? I need you, it's an emergency." Susan said her son Travis helps Cain Jones around the Jones home when needed.

I asked Mark and Susan Nance to tell me their observations of the Jones' relationship and they told me the Jones' had no relationship issues and seemed to be a very happy couple. I concluded my interview. There are no exterior cameras at this home.

7046 Stearns St., Cynthia Hurley - She was home the morning of 3/3/14 and saw LBFD across the street at the Jones residence but didn't know why LBFD was there. She just moved into the neighborhood 6 months ago and had only met Mr. Jones and not Dana Jones. Hurley said she's only had casual and infrequent conversations with Mr. Jones. I concluded my interview of Hurley. There are no exterior cameras at this home.

7040 Stearns St., Michael Soriano - He was home yesterday but didn't know LBFD responded to the decedent's home and didn't know what happened. There are no exterior cameras at this home.

7036 Stearns St., Debbie Mendoza - She moved into the neighborhood in January 2014. She wasn't aware of

Report Officer 5323/RITCHIE, STEPHAN C	Printed At 04/14/2014 16:25	Page 6 of 7
---	--------------------------------	-------------

**LONG BEACH POLICE DEPARTMENT****Narrative**

the LBFD response to the decedent's home on 3/3/14. There are no exterior cameras at this home.

7030 Stearns St., Larry Gott - He is retired and was home on 3/3/14. However, he wasn't aware LBFD had responded to the decedent's home until today when a neighbor told him the decedent had a medical issue while doing her yoga exercises, fell backwards and injured her head. There are no exterior cameras at this home.

7024 Stearns St., Ceasar Garcia - He didn't know anything about this incident. There are no exterior cameras at this home.

7018 Stearns St. - No answer at this residence. There are no exterior cameras at this home.

7012 Stearns St. - Refused name resident. He wasn't home yesterday morning and didn't know anything about this incident. There are no exterior cameras at this home.

2154 Kallin Ave., Allen McIntyre - He knows Mr. Jones by the first name of "Huck." He's known Huck for 6 years and sees Huck walking his dog. McIntyre talks to Huck when he sees him in the neighborhood and said Huck walks his dog around 0900 hours Monday through Friday. McIntyre said he was home yesterday morning but didn't see Huck walking his dog. He was unaware of the LBFD response to the Jones residence. There are no exterior cameras at this residence.

I concluded my knock and talks and notified Sgt. Richens of my interviews.

<b>Narrative</b>					

I, Officer TL Icom #5183, was working uniformed patrol. Sergeant Richens directed me to conduct "knock and talk" interviews at every residence on the north side of Stearns, west of 7053 Stearns St. I was instructed to ask the occupants what they knew of the occupants residing at 7053 Stearns, and if they heard or saw anything unusual yesterday morning. I was to also check each residence for a cameras/surveillance system. As I was completing the interview at 6931 Stearns, I was notified by Officer Ritchie I did not need to conduct any further interviews to the west. None of the residences west of 7053 Stearns all the way to Studebaker Road have cameras/surveillance systems except for 6931 Stearns. None of the people I interviewed heard or saw anything unusual yesterday.

**7047 STEARNS STREET**

The adults were not home. The babysitter (Sophia Seissman) does not live at the location nor was she at this home yesterday.

**7041 STEARNS STREET**

Officer Mortensen was already interviewing this resident.

**7035 STEARNS STREET**

Three adults live at this residence, Matthew Coffey, James Post and Joy Post.

MATTHEW COFFEY told me the following: He is a tenant at this residence, and has lived her since July 4, 2013. He has never met the occupants of 7053 Stearns and has no idea who they are. Yesterday he woke possibly around 0900 hours. He was home all day.

JAMES POST told me the following. He knows the male resident of 7053 Stearns as, "Huck" but does not remember the female's name. He believes Huck is in construction, and the lady is in interior design. He moved here in September 2006. Dating back to when he first moved in he recalls talking to Huck about remodeling, and Huck showed him architectural drawings the lady had done. He last talked to Huck a couple of years ago when he indicated he was interested in selling his mother's house and they discussed the real estate market as James is a real estate agent. Since then they have just exchanged pleasantries. He went to bed Sunday night around 2300 hours, and left for work yesterday around 0830 hours.

JOY POST told me the following: "Huck" is a handyman or general contractor and he does all his own

Report Officer	Printed At	
5183/ICORN, TINA L	09/16/2014 15:15	Page 4 of 6

**LONG BEACH POLICE DEPARTMENT****Narrative**

landscaping. His wife is an architect and she drives a "Mini." Huck did construction work on their neighbor's house at 7041 Stearns. She was in Huck's house once, about seven years ago. Both Huck and his wife walk their dog (a light colored 80 pound sleek dog, not a greyhound but similar build) around the neighborhood and behind the houses on the golf course. Huck does, "neighborhood watch" and is bold enough to knock on car doors of occupants he doesn't recognize in the neighborhood.

**7029 STEARNS STREET**

The occupants here are Mark Nixon and Devon Day.

MARK NIXON told me the following: He knows the occupants of 7053 Stearns as "Hawk" and "Dana." Dana just turned 50 years old. He was standing in his front yard with Devon Day yesterday around 1700 when his neighbor, Mirian (at 7041 Stearns) pulled her vehicle alongside the curb and told them she had just checked her messages and found Hawk had called saying Dana had fallen and was in the hospital. When she returned around 2100 hours, she told him she thinks Dana will die. Dana had hit her head doing yoga and slipped or blacked out. She hit her head on something. He described Hawk as having a gruff manner but is easy to talk to. He said he used the word "gruff" because Hawk looks focused, and does not smile until you start talking to him. Devon and Hawk compare notes regarding gardening and vegetables. They have never had the couple to dinner, but they have attended parties in Mark's home. Mark was home all day yesterday, but he may have gone to the gym around 1030 hours. Hawk walks his dog around the neighborhood.

DEVON DAY told me the following. She does not know Dana. Whenever she visits, Dana is usually at work - perhaps as a decorator? Huck is private but he enjoys cooking and health food. She takes him bread she bakes and he will give her things he has made such as barbecue. Huck's parents have passed away, and is closer to Dana's family in Colorado. Huck has silver making, jewelry and leather tooling equipment. He is good with electrical systems and did all the sound system in his home. He is always sweet, pleasant and friendly. Huck and Dana walk their dog together. Huck had a back injury a couple of years ago, so he is a "house husband" and takes care of the home, keeps it clean and cooks. He built a room in the home for meditation. She and Mark have had the couple over for parties but not for dinner. She did not know an ambulance had come yesterday. She spent the day knitting, and may have gone shopping at Home Goods yesterday morning. She was in front of their home yesterday with Mark when their neighbor, Mirian, pulled over to tell them she had checked her messages and found Hawk had called saying Dana was in the hospital.

**7023 STEARNS STREET**

William Anastas and Susan Roberts live in this residence with a mentally retarded son who is not articulate.

WILLIAM ANASTAS told me the following. He knows the occupants as Huck and Dana, but he does not know them well. Huck is a contractor, and Dana is a designer. They have not talked much for years because they had a bit of a disagreement over letting their dog play in the golf course behind their homes. It had created a ruckus for them and their tenants (he owns the home next door at 7017 Stearns). He left home yesterday around 0700 and did not return until around 2000 hours.

SUSAN ROBERTS told me the following: Huck and his wife seem like nice people. They are nice neighbors and say hello when they (she, or Huck and his wife) are walking their dogs. She was home all day yesterday. Huck was working in his front yard or parkway the past couple of days. She was not sure if that was Saturday (3/2) and Sunday (3/3), or Sunday and Monday (yesterday 3/4). She gets up at 0500 hours and has her son out front for the school bus around 0615 hours, so if she saw him in his yard it would have been around 0900 hours perhaps.

After I had left and was knocking two doors down (at 7011 Stearns) Susan told me the occupants were not home. She could tell because their cars were not out front. She asked me if Dana was ok. She had seen all the police cars and was worried there could have been domestic violence. She said Huck is, "Armed." She clarified and said she knows Huck has guns in his house because he has told her he has them. He told her he has cameras on his home so if it is ever burglarized there will be evidence he acted in self defense. She kept asking me, "Is she ok?"

**7017 STEARNS STREET**

Report Officer 5183/ICORN, TINA L	Printed At 09/16/2014 15:15	Page 5 of 6
--------------------------------------	--------------------------------	-------------

**LONG BEACH POLICE DEPARTMENT****Narrative**

Neville Amaria and Brandon Bautista are the tenants in this home.

NEVILLE AMARIA told me the following: He has no idea who lives at 7053 Stearns.

BRANDON BAUTISTA told me the following: He and his roommate have lived here since 2010. He does not know who lives at 7053 Stearns.

7011 STEARNS STREET

There was no response to my knocks at 2210 hours.

7005 STEARNS STREET

There was no response to my knocks at 2215 hours.

6953 STEARNS STREET

Karen Stuckey and Stephen Kilstofte reside here.

KAREN STUCKEY told me the following: She does not know who lives at 7053 Stearns. She was home yesterday until about 0830 hours. There was construction activity on the street but no other unusual activity.

STEPHEN KILSTOFTE told me the following: He does not know who lives at 7053 Stearns but he admires the uniqueness of their yard.

6947 STEARNS STREET

There were no answers to my knocks on this door at 2232 hours. The mailbox lists the occupants as, "Kelly and Nadine Coy."

6931 STEARNS STREET

This residence looks like a preschool. My knock was answered by EDITH HINOJOSA who speaks limited English. She indicated she does not know who lives at 7053 Stearns Street. This home is owned by Joseph Vilaseca 562-257-8587. He lives a few blocks away and he should know how to operate the surveillance system for this residence, which appears to have cameras that face the front and sides of the residence.

**Narrative**

On 3-4-14 at 2200 hours, I (Officer J. Shurtleff #6272), Unit 2C41, was dispatched to 7053 Stearns Street to assist with an investigation involving a medical transport involving an adult female (Dana Jones) on 3-3-14 at approximately 0915 hours, Call #1405.

Upon arrival, I relieved Unit 2C72 (Officer M. Moss #10547 and Office M. Torres) who conducted knock-and-talks. Officer Moss contacted the residents at the following locations:

Officer Moss contacted Candecaria Ponell and she stated she left her residence on 3-3-14 at 0745 hours therefore was not home at the time of the incident.

Officer Moss contacted Frank Samnicolas at and he stated he was home but did not hear anything.

There was no response at 7070 Stearns Street.

Officer Moss contacted Karen Falkner and she stated she did not hear or see anything.

Officer Moss contacted John Oconnor and he stated no one was home at the time of the incident.

There was no response at 7065 Stearns Street.

Officer Moss contacted Willetta Eubanks and she stated she did not hear or see anything.

FILING OFFICER  
CRANEY

DID# 10575

Item #1: Clothing

Location: Located on the floor along the north wall of bathroom 1, 3' east of the west bathroom wall.

Item #2: I-Pad

Location: Located on top of small wooden table along west wall, north of kitchen.

Item #3: Pair of shoes

Location: Located underneath east side the dining table in living room.

Item #4: Surveillance storage

Location: Located on the top shelf, 6" north of interior wall, inside the hallway closet.

Item #A: Location of blood/back of victim's head

Location: Located inside the recreation room, 5' 4" south of the north wall and 3'0" east of the west wall.

Item #B: Pair of slippers

Location: Located on the floor along the west wall of bedroom 1 south of the wood dresser.

Item #C: Sweater

Location: Located on the southwest corner of the bed inside bedroom 1.

Item #S: Surveillance cameras

Location: Total of 12 security surveillance cameras positioned through out the property.

(END OF REPORT)

CLIENT REPORT COMPLETED

**Subject:** Dana Jones homicide complaint  
**From:** Lisa Jones [REDACTED]  
**To:** Anita.Dempsey@longbeach.gov;  
**Date:** Tuesday, March 11, 2014 12:36 PM

Dear Ms. Dempsey -- I would like to initiate a citizen police complaint in reference to coroner case #201401724. There's a homicide victim in Long Beach named Dana Jones, and a grossly negligent homicide investigator in the Long Beach Police Department. As a result, there is a dead woman, a coroner case, and a botched police investigation.

Dana sustained a severe, skull-fracturing blow to the back of her head on Monday, March 3, 2014. Her husband claimed that she sustained the injury while doing yoga at home in an accidental fall that no one witnessed.

Dana never regained consciousness. She was officially declared brain dead on Tuesday, March 4th. Dr. [REDACTED], the vascular surgeon who treated Dana's wounds at St. Mary hospital in Long Beach, alerted police that the husband's story was not consistent with Dana's injuries, and Dana's death was no accident.

On the night of March 4th, approximately one dozen patrol cars and other police vehicles with detectives went to Dana's house at [REDACTED] in Long Beach. What happened next was a jaw-dropping display of investigative incompetence.

Dana's husband [REDACTED] a.k.a. [REDACTED] a.k.a. [REDACTED] a.k.a. [REDACTED] arrived at the house along with my brother [REDACTED]. I followed them from the hospital in a separate car with my parents. Dana Jones was my older sister and lifelong best friend.

Upon arrival at the house, [REDACTED] boasted to police that the whole house was wired and that there were cameras everywhere. It was a super cool "smart home," he said. My brother told me that he remembered thinking [REDACTED] should just keep his mouth shut. But [REDACTED] would not shut up. [REDACTED] kept talking about how technologically advanced his house was, and police became very interested in learning about the fantastic camera setup [REDACTED] was describing.

In fact, the cameras captured only selective views of the interior and exterior, and no one -- especially not Dana -- ever understood why [REDACTED] had designed and installed such an expensive and mostly useless security camera system in the first place. [REDACTED] is an expert in the design and installation of home electronics.

Notably, there was no camera monitoring the room in which the alleged accident occurred.

[REDACTED] directed the attention of investigators to the home camera system -- a system that [REDACTED] alone had designed, installed, monitored, and managed. Police investigators focused on the cameras to the exclusion of everything else. Police were willfully blind to homicide evidence that was right in front of their eyes.

Yesterday, March 10, 2014, I spoke at length with Detective Johnson from Long Beach homicide. The detective told me that there was no case and no further investigation because the video from the cameras appeared to corroborate [REDACTED]'s version of events. The bulk of my conversation with Detective Johnson involved my telling him about evidence that he had ignored.

[REDACTED] gave my family and me a tour of the scene of Dana's alleged accident on the night of March 5th, the day after Detective Johnson and police had searched the house. I was able to see for myself Detective Johnson's astounding negligence.

For example, approximately one dozen free-weight dumbbells with octagonal edges were visible on the floor next to the exterior door of the room where the alleged accident happened.

Nurse [REDACTED] at St. Mary hospital had walked my family and me through a series of scans of Dana's brain. The

nurse reported that Dana had sustained a heavy blow with significant force to fracture her skull. There were two points, located an inch or so apart, where the impact appeared to be greatest. The nurse reported that doctors had surgically repaired a deep laceration in Dana's scalp that was in the shape of an upsidedown "L." How could investigators see the dumbbells and not instantly suspect that one of them could've inflicted the wounds described to us by Nurse [REDACTED] [REDACTED]?

I recorded a video of the room that night and observed and photographed what appeared to be, possibly, dried blood on one of the dumbbells. [REDACTED] had already scrubbed Dana's blood from the floor so vigorously that, in patches, the decorative stain on the concrete floor had been worn away. Detective Johnson said that he saw this, too, but did not find it unusual. Several yoga pads were visible in the room but [REDACTED] claimed that Dana had been doing yoga on a concrete floor without a pad. Detective Johnson said that he believed Dana had fallen and hit her head on the bare floor, despite what [REDACTED] and [REDACTED] had documented about Dana's injuries.

Further, I asked where all the blood had gone. Dr. [REDACTED] told me that Dana's wound would have bled profusely. Detective Johnson said that it had been trash day on Dana's street, so anything with blood would've been taken away in the trash before police got there. I asked why police had not examined the contents of two large, white trash bags on the floor of the master bedroom closet. [REDACTED] pointed out the bags to me twice, oddly, saying that he was supposed to put them out on the curb for clothing donation pick-up on the morning Dana sustained the fatal blow.

I pointed out to Detective Johnson that those bags would've been a good place to hide bloody clothes or towels -- hidden in plain sight. Detective Johnson told me that police had photographed the scene thoroughly. But they did not look in the bags.

As Detective Johnson talked with [REDACTED] on the night of March 4th, I spoke with Officer Stephan Richie at the scene. I said that, knowing everything I know about Dana and her relationship with [REDACTED], her injury was not an accident but had probably been meticulously planned, and the murder motive was money. I do not know if my statement was ever communicated to Detective Johnson.

In my conversation with Detective Johnson yesterday, I told him that I believe [REDACTED] motive for killing Dana was financial gain. Detective Johnson dismissed this immediately, saying that Dana had a life insurance policy, but it was "14 years old." How Detective Johnson discovered or verified this information, I do not know. To my knowledge, this is not factual. She had a life insurance policy, but I think it was issued fairly recently.

I informed Detective Johnson that on the night of March 5th, I scooped up many of Dana's financial documents -- tax returns, bank statements, etc. -- from her house and stuffed them in my bag. A financial planning document from a meeting that Dana and [REDACTED] had with an advisor in 2011 conservatively estimated Dana's personal net worth at \$445,000 and rising. From these documents I learned that [REDACTED] has not worked and has not earned income in at least the past six years. For the past two years Dana and [REDACTED] have filed tax returns jointly and [REDACTED] occupation is specified as "not working." I have not yet examined all the papers I gathered.

I asked Detective Johnson why I was able to put my hands on such detailed personal financial records at a crime scene that he had investigated just a day earlier, and from which he had supposedly collected all relevant information. I don't recall that he answered this question.

I told Detective Johnson that I have spent the past week speaking with medical staff as well as friends and clients of Dana. I have a list of seven people who are not family members who are willing to speak with investigators regarding various topics such as: [REDACTED] strange affect presented to medical staff on the day Dana was brought to the hospital, the history of violence and controlling behavior in Dana and [REDACTED]'s relationship, fibs and inconsistencies in [REDACTED]'s accounts regarding events surrounding Dana's death, Dana's physical fitness and state of mind in the weeks and days prior to her death, questions raised before her death about the nature and purpose of the home security cameras, and more. I told Detective Johnson that I could put him in touch with these people. He declined this information.

Detective Johnson told me that the only way he could make an arrest at this point was if someone came in and confessed to murder.

There is a dead woman, a coroner case, and a botched police investigation.

**Narrative**

On March 4, 2014, I (Detective Johnson) was contacted by Sergeant Richens regarding a suspicious accidental fall of a female, later identified as Dana Jones that occurred on March 3, 2014, at approximately 0945 hours at 7053 Stearns Street. Sergeant Richens further advised that Jones is on a ventilator and has no brain activity and the family plans to harvest the body.

Jones was doing Yoga in the northeast bedroom when her husband Cain Finn Jones heard a crash. He checked the surrounding yards thinking the crash sound came from outside. He eventually went into the room where his wife was doing Yoga and found her on her back on the concrete floor. He put his hand behind her head and felt blood. He called for Long Beach Fire. They arrived and treated her injury and transported her to St. Mary's Hospital.

My partner (Detective Zottneck) and I drove to St. Mary's Hospital and responded to the Intensive Care Unit (ICU) and located Dana Jones in Pod 5 Room 3. Jones was supine in a hospital bed on her back with her head facing west. She was attached to a ventilator and monitoring devices. Due to Jones' brain swelling, an emergency craniotomy was performed on her head to relieve pressure. St. Mary's nurses rolled Jones so we could see her head injury on the back of her head. I noticed a 3 inch cut to the back of her head that had 3 to 4 staples closing the wound.

Dr. Heibron Jr. described the wound on the back of Jones' head, fracture to the left occipital area of the skull and laceration to the lower occipital frontal Hemotoma.

The ICU nurse advised us that Jones was given a brain stimulation test and it showed no brain activity.

The family of Jones plans to donate Jones' organs to "One Legacy" (A Donate Life Organization) once she is pronounced.

We asked the ICU staff to notify us when Jones is pronounced because this a coroner's case.

On March 6, 2014 at 1035 hours, Dr. Mohsen Rofoogaran pronounced Jones.

On March 9, 2014, Jones' organs in her body were harvested by Legacy One and the body was later transported to Los Angeles County Coroner's Office.

The Los Angeles County Coroner's Office assigned Coroner's Case #2014-01724.

Narrative											

On March 12, 2014, my partner (Detective Zottneck) was advised by St. Mary's Hospital that they still had 3 tubes of Victim Jones' blood in their hospital laboratory.

I, Detective Johnson, went to St. Mary's Hospital contacted St. Mary's Laboratory Supervisor Flaming. He gave me 3 tubes containing Victim Jones blood medical record #272051 and laboratory reports. Prior to giving me the above items, we completed a chain of custody for biological specimens.

I brought the above items back to the Homicide office and placed them into a manila envelope and sealed it with evidence tape. Detective Mike Dugan took the above evidence and checked them into evidence.

Once in evidence, he checked them out and transported them to the LASD Scientific Crime Lab for toxicology analysis. LASD Crime Lab took possession of the above items and recorded them under lab receipt #K576382.

## SEARCH WARRANT AND AFFIDAVIT (AFFIDAVIT)

Todd Johnson swears under oath that the facts expressed by him/her in this Search Warrant and Affidavit  
(Name of Affiant)  
and in the attached and incorporated statement of probable cause are true and that based thereon he/she has probable cause to believe  
and does believe that the property and/or person described below is lawfully seizable pursuant to Penal Code Section 1524, as indicated  
below, and is now located at the locations set forth below. Wherefore, affiant requests that this Search Warrant be issued.

Todd Johnson  
(Signature of affiant) NIGHT SEARCH REQUESTED: YES ☐ NO ☒

## (SEARCH WARRANT)

THE PEOPLE OF THE STATE OF CALIFORNIA TO ANY SHERIFF, POLICE OFFICER OR PEACE OFFICER IN THE COUNTY OF

Los Angeles: proof by affidavit having been made before me by Todd Johnson,  
(Name of County) (Name of Affiant)  
that there is probable cause to believe that the property and/or person described herein may be found at the locations set forth herein and is lawfully  
seizable pursuant to Penal Code Section 1524 as indicated below by "x" (s) in that:  
☐ it was stolen or embezzled  
☒ it was used as the means of committing a felony  
☒ it is possessed by a person with the intent to use it as means of committing a public offense or is possessed by another to whom he or she  
may have delivered it for the purpose of concealing it or preventing its discovery,  
☒ it tends to show that a felony has been committed or that a particular person has committed a felony,  
☐ it tends to show that sexual exploitation of a child in violation of Section 311.3, or depiction of sexual conduct of a person under the age of  
18 years, in violation of Section 311.11, has occurred or is occurring  
☐ there is a warrant for the person's arrest;

YOU ARE THEREFORE COMMANDED TO SEARCH:

FOR THE FOLLOWING PROPERTY/PERSON:

AND TO SEIZE IT IF FOUND and bring it forthwith before me, or this court, at the courthouse of this court. This Search Warrant and  
incorporated Affidavit was sworn to as true and subscribed before me this 13 day of March, 20 14,  
at 2:13 A.M./P.M. Wherefore, I find probable cause for the issuance of this Search Warrant and do issue it.

[Signature] NIGHT SEARCH APPROVED: YES ☐ NO ☒  
(Signature of Magistrate)  
Judge of the Superior/Municipal Court, South Judicial District

**ATTACHMENT A**

**YOU ARE THEREFORE COMMANDED TO SEARCH:**

**Locations:**

**Location #1** – 7053 Stearns Street is located in the City of Long Beach, County of Los Angeles. This is the residence of Cain Finn Jones. This is a single story residence. The residence has green wood siding and white trim. The numbers “7053” are black in color on a white background and painted on the curb in front of the residence. The garage is detached. The front door is wooden and faces east. There is a locked gate leading up to the front door that requires an access code to enter. Included are all rooms, attics, basements, and other parts therein, the surrounding grounds, and any garages, storage areas, trash containers, and out buildings of any kind located thereon, any vehicles/vessels parked near the property associated with at the time of this warrant.

**ATTACHMENT "B"**

**FOR THE FOLLOWING PROPERTY / PERSONS:**

**PROPERTY:**

Further, all rooms, attics, basements, and other parts therein, the surrounding grounds, and any garages, storage areas, trash containers, and out buildings of any kind located thereon, any vehicles parked near the property associated with at the time of this warrant, specifically for computers, cell phones, any all papers, notes, contracts, documents containing written, typed or printed information regarding residential ownership for 7053 Stearns in the City of Long Beach, bank accounts in Dana Jones and Cain Finn Jones, whole life or term life insurance for Dana Jones or Cain Finn Jones. All retirement/mutual fund accounts in Dana Jones or Cain Finn Jones" names. All Computers, laptops, I-pads, cell phones and all tape recorders, any other recording devices, tapes for tape recorders and other sound devices, video equipment and/or tapes, any computer equipment and other means of recording data and storage of the same. Information of retrieval and/ or programming of such equipment along with the information storage media consisting of but not limited to magnetic disks, tapes, cartridges, etc., upon which information can be stored. Any electronic transmitting and or receiving communication devices. Any workout equipment in the bedroom where the Yoga occurred.

1 PROBABLE CAUSE

2 On March 4, 2014, I, Your Affiant, Detective Johnson was contacted by Sergeant  
3 Richens regarding a suspicious accidental fall of a female, later identified as Dana Jones that  
4 occurred on March 3, 2014 at approximately 0945 hours at 7053 Stearns Ave. Sergeant  
5 Richens further advised that Jones is on a ventilator and has no brain activity and the family  
6 plans to harvest the body.

7 Jones was doing Yoga in the northeast bedroom when her husband Cain Finn Jones  
8 heard a crash. He checked the surrounding yards thinking the crash sound came from  
9 outside. He eventually went into the room where his wife was doing Yoga and found her on  
10 her back on the concrete floor. He put his hand behind her head and felt blood. He called  
11 for Long Beach Fire. They arrived, treated her injury and transported her to St. Mary's  
12 Hospital.

13 Officer Moody from the Long Beach Police Department wrote a search warrant for  
14 the residence of 7053 Stearns Street in the City of Long Beach. Judge Judy Meyers signed  
15 the search warrant.

16 Once inside the residence, Victim Jones' husband advised Detectives, that the  
17 residence had 12 surveillance cameras. Detectives took possession of the Digital Video  
18 Recorder (DVR). The Yoga room where the incident occurred was already cleaned up and  
19 the mat that the blood was on was now thrown away and the City of Long Beach Refuse

1 collected the trash the next morning on trash day, March 4, 2014. We recovered the  
2 Victim's I-Pad from which she had watched a Yoga Video.

3 My partner Detective Zottneck and I drove to St. Mary's Hospital and responded to the  
4 Intensive Care Unit and located Dana Jones in Pod 5 Room 3. Jones was supine in a  
5 hospital bed on her back with her head facing west. She was attached to a ventilator and  
6 monitoring devices. Due to Jones brain swelling, an emergency craniotomy was performed  
7 on her head to relieve pressure. St. Mary's nurses rolled Jones so we could see the injury to  
8 the back of her head. I noticed a 3-inch L shaped cut to the back of her head and 3 to 4  
9 staples closing the wound.

10 Dr. Heilbron Jr. described the wound on the back of Jones' head as a fracture to the  
11 left occipital area of the skull and laceration to the lower occipital frontal Hemotoma.

12 The ICU nurse advised us that Jones was given a brain stimulation test and it showed  
13 no brain activity.

14 On March 6, 2014 1035 hours Dr. Mohsen Rofogaran pronounced Jones.

15 Detectives viewed the video on the recorder (DVR) from the residence and there is an  
16 approximate 8 minute time period that does not match what Victim Jones' husband told  
17 Detectives what he did after he heard the crash (noise of something falling). Detectives do  
18 know that Jones' husband left the residence with his dog at approximately 0812 hours and  
19 returned at approximately 0839 hours. Detectives downloaded Victim Jones' I-pad and  
20 found that she logged on, purchased a purse on-line and then logged on to a Yoga website at

1 approximately 0830 hours. Detectives observe when Jones' husband returns at  
2 approximately 0839 hours, he enters the residence and walks down the hall, out of camera  
3 view, toward the Yoga room. Within a few minutes he is seen with a toothbrush in his mouth  
4 looking around as if he has heard something. He walked back down the hall and appears  
5 again still brushing his teeth and looking around as if he is still trying to figure out where the  
6 noise came from. He does not appear on camera again until approximately 0857 hours at  
7 which time he is seen motioning for Fire personnel to enter the residence.

8 Detectives request to go back to Jones' residence and conduct another search to see if  
9 they can find any item in the workout room that caused the kind of injury that Dana Jones  
10 sustained to the back of her head. Detectives along with the assistance of the Los Angeles  
11 County Sheriff's forensic lab wish to spray luminol in the room to see if there was any type  
12 blood stained evidence. Detectives are also looking for any hair fibers containing blood or  
13 human tissue or any clothing that contains blood.

14

15 **IDENTIFICATION AND EXPERTISE OF AFFIANT:**

16 Your Affiant, Homicide Detective Todd Johnson #5774, is currently employed by the Long Beach  
17 Police Department and has been a police officer since 1998. Your Affiant has been a Homicide Detective  
18 since 2009. While in this capacity your affiant has been involved in murder/death investigations that  
19 resulted in the arrest of murder suspects and the recovery of evidence. The previous 5 years prior to  
20 becoming a Homicide Detective, your affiant was a Gang Detective. Your Affiant investigated gang  
21 violence, gang shootings and gang murders/death and the recovery of evidence.

1       As a result of the aforementioned, your Affiant has gained knowledge and developed expertise in  
2 homicide investigations and the apprehension of said perpetrators and their accomplices.

3       While in the Long Beach Police Academy, your Affiant received training and instruction regarding  
4 gang identification, gang lifestyle and gang related crime investigations. Your Affiant has attended over 80  
5 hours of gang and subculture courses through the Los Angeles County Sheriff's Department. Your Affiant  
6 has received informal training from training officers and has had numerous conversations with more  
7 experienced gang investigators about gang related topics. Your Affiant has read numerous articles and seen  
8 numerous videos related to gang subculture and investigations of gang related crimes.

9       Your Affiant has conducted and assisted in the investigation of many gang related crimes. These  
10 investigations include, but are not limited to murder, attempted murder, robbery, assaults (both domestic and  
11 non-domestic), drug use and sales, weapons violations and theft. Your Affiant has spoken to hundreds of  
12 admitted gang members about gang lifestyle, terminology, turf, alliances, ongoing disputes, tattoos, graffiti  
13 and clothing.

## Narrative

On 03/04/14, my partner (Detective T. Johnson #5774) and I (Detective R. Zottneck #5613) responded to 7053 Stearns Street to investigate an accidental fall of a female with possible suspicious circumstances. The incident originally occurred on 03/03/14 at approximately 0945 hours. The female was identified as Dana Jones (DOB: 08/06/63). Jones was currently in the Intensive Care Unit (ICU) at St. Mary's Hospital and was on a ventilator due to her having no brain activity.

Detective Johnson received a call from Sergeant Richens, who stated Dana Jones was doing Yoga in the southeast bedroom of her residence when her husband (later identified as Cain Finn Jones) heard a loud crash. Her husband checked looked around thinking the crash sound came from outside. He eventually went into the southeast bedroom, where his wife was doing Yoga and found her on her back on the concrete floor.

He placed his hand underneath her head and he felt blood from the back of her head. He called Long Beach Fire and they arrived, treated her injury, and then transported her to St. Mary's Hospital at his request.

My partner and I arrived at the location and Sergeant Richens informed us Officer C. Moody was writing a search warrant for the location and the Long Beach Police Department's Forensic Team had been notified and were en-route.

We approached the front of the residence and the victim's (Dana Jones) husband was sitting on a short brick wall on the west side of the driveway at 7053 Stearns Street. We introduced ourselves and told him (Cain Finn Jones) we were there to investigate his wife's accident.

The search warrant was signed by the Honorable Judge J. Meyers and brought to the residence. While outside, Detectives observed the residence to be decorated in Japanese-style. There were several noticeable surveillance cameras located on the front and sides of the residence. Jones told us there were 12 cameras installed to record and they were motion activated.

Jones provided us with the security code (8783) to unlock the front gate that leads to a patio area, where the front door is located. We entered the front gate and then used the same security code to open the front east-facing door to the residence. We conducted a walkthrough of the residence with Long Beach Police Department Forensic personnel, at which time overall photographs were taken of the inside and outside of the residence.

Detectives observed the southeast bedroom to be set up as a workout room. There was a large wooden hutch with several drawers, which were closed, located against the west wall. One of the doors to the upper half of the

Report Officer <b>5613/ZOTTNECK, ROGER W</b>	Printed At <b>09/16/2014 16:41</b>	Page 1 of 3
---	---------------------------------------	-------------

**LONG BEACH POLICE DEPARTMENT****Narrative**

hutch was open. There were several dumbbells on the floor underneath a wooden table against the east wall. There are glass French-style doors on the south wall of the room that open outward to the front patio where the front door is located. The closet doors are mirrored.

The room was decorated with Japanese-style art. The floor of the room is concrete and stained in a dark color. There is a small area approximately 1 to 2 feet east of the wooden hutch. Jones said he and a neighbor scrubbed it with a brush causing the stain to be discolored. Jones said he placed a shrine near the scrubbed area. The shrine is a ceramic dish with candles.

Placards were placed next to the items of evidence that were to be collected after they were measured and photographed. Officer B. Craney took measurements and drew a sketch of the residence. The following items were numbered and collected as evidence:

Item #1 Clothing worn by Cain Jones recovered from the floor in the master bathroom.

Item #2 Victim's I-Pad recovered from a wooden shelf near the kitchen.

Item #3 One pair of shoes worn by Cain Jones recovered from under the dining room table.

Item #4 DVR recorder recovered from shelf in the hallway closet.

The following items were lettered and photographed and left at the residence:

Item #A Location of Victim's head

Item #B One pair of Victim's slippers located in master bedroom.

Item #C Black Sweater located on top of bed in master bedroom.

Forensic Lab personnel maintained possession of Items #1 and #3 until placing them into police evidence. I maintained possession of Items #2 and #4 and released them to the Long Beach Police Department's Computer Crimes section to download.

My partner and I finished processing the scene and drove to St. Mary's Hospital to check on the status of Dana Jones condition. Upon arrival to St. Mary's Hospital, we went to the ICU and located Dana Jones in Pod 5 Room 3. Jones was in a supine position and attached to a ventilator and other life saving monitoring devices. An emergency craniotomy had been performed on Jones. St. Mary's nurses rolled Jones on her left side so we could see the injury to the back of her head. We observed an approximate 3" L shaped cut to the back of her head with several staples inserted to close the wound.

Dr. Heilbron Jr. described the wound as a fracture to the left occipital area and the laceration was to the lower occipital frontal hematoma. The ICU nurse advised us that Jones was given a brain stimulation test and it showed no activity.

On 03/06/14, at 1035 hours, Dr. Mohsen Rofoogaran pronounced Jones.

Detectives were continuing their investigation and viewed the video footage recorded from the DVR system recovered during the search warrant.

The footage showed that on 03/03/14 at approximately 0829 hours Cain Jones walks down the hall towards the back bedrooms and reappears at 0831 hours. At 0833 hours Cain Jones uses the first bathroom in the hall that you can see someone go into or come out of. Cain Jones exits the bathroom and walks around the kitchen area with his dog. At 0835 hours Cain Jones exited the front door with his dog. At 0836 hours, Cain Jones exited the front gate to walk his dog and returned at approximately 0907 hours.

Detectives also downloaded Dana Jones' I-Pad and found that she had logged on, purchased a bag on-line at 0828 hours and then logged on to a Yoga website at approximately 0833 hours while Cain was gone walking the dog.

Detectives observed when Cain Jones returns after walking the dog, he enters the residence at 0908 hours and goes to the kitchen area and appears to clean the dog. He then walks down the hallway and then emerges back

**LONG BEACH POLICE DEPARTMENT****Narrative**

into camera view and is seen brushing his teeth and looking around as if he heard something. He walks back down the hall and appears again still brushing his teeth and looking around as if he is still trying to figure out where the noise came from at 0912 hours. At 0915 hours Cain Jones calls Fire to report Dana's injury. At 0920 hours Cain Jones move is observed moving furniture away from the slider window that is attached to the workout room where Dana was doing her Yoga and then he propped open the front gate to allow access to the Long Beach Fire Department.

At 0921 hours LB Fire arrived on scene and Cain Jones walked up to the front gate and motioned for the fire department to assist them with access to his residence.

On 03/13/14, Detectives attended the autopsy of Dana Jones at the Los Angeles County Coroner's. Dr. O. Chinwa performed the autopsy. Jones' organs were harvested by One Legacy prior to autopsy at the request of her family.

On 03/14/14, Detective Johnson wrote a second search warrant signed by the Honorable Judge J. Rodriguez, for the residence at 7053 Stearns Street to search for any items in the workout room that could have caused the injury to the back of Jones' head. Detectives requested the assistance of the Los Angeles County Sheriff's Department Scientific Services Bureau to perform a Luminol test in the room to see if there was any type of blood stained evidence remaining from the incident. The preliminary Luminol test was inconclusive.

Detectives also requested in the search warrant to view any documentation regarding residential ownership for 7053 Stearns Street, bank accounts in the names of Dana Jones and Cain Jones, whole life or term life insurance for Dana Jones and Cain Jones, and all retirement/mutual fund accounts in the name of Dana Jones and Cain Jones.

Detectives were able to view the following documents found inside the residence:

Living trusts in the names of Dana Jones and Carl Lynn Jenkins (aka Carlos Martinez/Cain Finn Jones), which were completed on December 19, 2005. The grant deed for the residence at 7053 Stearns Street was documented as of July 19, 2010. All legal documents were prepared by: The Law Firm of Marc S. Rothberg, 4326 Atlantic Avenue, Long Beach CA.

Upon completion of the warrant, Detectives contacted Cain Jones who was waiting at Marian Veargin's house at 7041 Stearns Street. Jones stated he had the workout clothing in his Toyota Prius that Dana Jones was wearing when she was transported to St. Mary's Hospital by Long Beach Fire. I collected the clothing, which was in a clear plastic bag, from the vehicle and transported it to the Long Beach Police Department's Main Headquarters. I maintained possession of the item until placing it into Police evidence.

Victim: Dana Jones (CC# 2014-01724)  
Subject: Cain Jones

---

On **March 13, 2014**, at the request of Detective Johnson of the Long Beach Police Department, a Field Investigation was conducted at 7053 Stearns Street, in the city of Long Beach. The purpose of the investigation was to process the house for possible biological evidence. Forensic Identification Specialist Martin Mutoc from the Latent Print Section was present for photography purposes. Senior Criminalist Betty Ring from the Biology Section was present for training purposes.

**Observations**

The house located at 7053 Stearns Street was a single family residence in a residential neighborhood. It had three bedrooms, two bathrooms, a kitchen, dining room and two living rooms. The scene consisted of one bedroom that served as an exercise room located on the south east corner of the house. **The examination of the house was restricted to the exercise room only.**

The exercise room had white walls and gray trim. The floor was concrete and painted black. The room had a large wooden hutch on the west wall. The sliding doors on the top part of the hutch opened to a television, electronic equipment, miscellaneous books and paperwork. The bottom half consisted of twelve pull drawers that contained miscellaneous clothing. The south wall had two black exercise mats and a door with windows that lead to an outdoor patio. This door had white curtains framing it. The east wall consisted of a basket with miscellaneous exercise equipment, a punching bag, a wooden vase, a wooden table with miscellaneous decorative items, dumb bells and miscellaneous weights. The north wall consisted of a closet with mirrored sliding doors containing clothing, containers with blankets and miscellaneous items.

**Examinations**

The exercise room was tested with the luminol reagent. **Four dumbbells, one drawer on the hutch, four areas on the floor and one of the black mats luminesced. These areas were tested with a presumptive chemical test for blood and all gave a negative result. No evidence items were collected.**

**Additional Test Methodology**

The examination for blood includes a visual and/or a presumptive chemical test for the presence of blood.

Blood results are inconclusive when an area without visible bloodstains is luminol or Bluestar Magnum positive and a presumptive chemical test for the presence of blood is negative. Luminol or Bluestar Magnum is a presumptive chemical test for blood; however, it is also known to react with substances other than blood such as paints and cleaning products.

Ms. Lisa Jones  

Dear Ms. Jones:

Please know that because of the nature of your concern, your allegation of police misconduct was forwarded to the Internal Affairs Division of the Long Beach Police Department. A Citizen Police Complaint Commission (CPCC) investigator independently examined IA's findings. It has been determined by the Police Department's review staff and the CPCC staff that *no further action* will be taken on your complaint because the allegation that officers failed to conduct an investigation was either disproved by independent witnesses or physical evidence.

Although your complaint will not be presented to the commission for formal findings, it will remain in our files and is considered when evaluating overall community/police relations. Should you have additional evidence, witness testimony or new information that you believe will support your claim of police misconduct, it must be submitted within one year of the date when your complaint was originally filed. Your case may be reopened for further investigation, depending on the merit of the submitted facts.

In addition, you can appeal the *No Further Action* determination to the full Commission during Public Session at the regularly scheduled monthly meeting. The CPCC meets the second Thursday of each month, at 6:30 p.m. in the Council Chamber, 333 West Ocean Boulevard, lobby level. Please contact this office if you would like information on addressing the Commission or have questions about the classification of your complaint.

I hope this information is helpful to you.

Sincerely,

ANITRA DEMPSEY  
EXECUTIVE DIRECTOR, CPCC

Dear Ms. Jones:

The Internal Affairs Division of the Office of the Chief of Police has investigated your complaint against a member of the Long Beach Police Department received on **March 11, 2014**.

Thank you for bringing this information to our attention. It is Police Department policy to thoroughly investigate every allegation of misconduct. Please keep in mind that personnel issues are confidential by law. Each case is reviewed for violations of Department Rules and Regulations and appropriate action is taken as necessary. In addition, complaints made by members of the public are reviewed by the independent Citizen Police Complaint Commission (CPCC). The CPCC will notify you at the conclusion of their review of your complaint.

We continually strive to provide the best possible service to all who live in, work in, and visit the City of Long Beach. The input we receive from those we serve is instrumental in our efforts. Should you have any questions, please call the Internal Affairs Division at (562) 570-7343.

Sincerely,

Robert Smith, Commander  
Internal Affairs Division

## Narrative

I, Detective S. Robertson #6103, am assigned to the Homicide Detail.

On December 5, 2012 I picked up three vials of blood (tag #806431) from the Long Beach Police Department Property Section. I transported this item to the Los Angeles County Coroner's Office the same day and gave it to Criminalist E. Fu, employee #481911. The Coroner's Case number related to this investigation is 14-01724.

## ESK INVESTIGATIONS

**TO:** Carmen A. Trutanich, Esq.

**From:** Bryan McMahon, Investigator

**DATE:** August 24, 2015

**SUBJECT:** Attempted Interviews of Firefighters and Paramedics.

I, Bryan McMahon, was requested by Attorney Carmen Trutanich to conduct interviews of firefighters and paramedics who responded to Dana Jones' home on March 4, 2014. I reviewed the police reports of the incident and determined the fire personnel were identified as Captain M. Gruniesen, Paramedic J. Thralls, Paramedic N. Marantz and Paramedic K. Dixon.

On August 13, 2015, at approximately 2:45 pm I telephoned the Long Beach Fire Department Headquarters at (562) 570-2500. I called in order to arrange for the interviews of fire personnel. I was directed to Cathleen Piper of the Administration Bureau. She did not answer the telephone so I left a message on her voicemail.

On August 18, 2015 at approximately 2:00 pm I left another message for Cathleen Piper.

On August 19, 2015 at approximately 10:00 am I received a telephone call from Cathleen Piper.

I identified myself to Ms. Piper as a private investigator and explained that I was investigating the death of a woman named Dana Jones. I told Ms. Piper paramedics and firefighters had responded to Dana's home on March 4, 2014. Paramedics transported Dana to St. Mary's Hospital where she later died. I told Ms. Piper I was hired by the family of Dana Jones in order to look into the circumstances of her death. I explained I wanted to interview the paramedics and firefighters who had responded to Dana's home.

Ms. Piper told me a subpoena would be required before fire personnel could be interviewed by me. She told me that after fire personnel were subpoenaed the city attorney would be notified and the city attorney would then make the decision about how fire personnel would proceed. I asked Piper if the same procedure would be required even if the city had no liability in the case. She stated fire personnel would still need to be subpoenaed before they could be interviewed. I thanked her for her time and the call was concluded.

## ESK INVESTIGATIONS

**TO:** Carmen A. Trutanich, Esq.

**From:** Bryan McMahon, Investigator

**DATE:** March 30, 2015

**SUBJECT:** Interview of Rebecca [REDACTED] (911 caller).

I, Bryan McMahon, was requested by Attorney Carmen Trutanich to identify and interview the person who had called 911 reporting the suspicious death of Dana Jones. I reviewed a recording of the 911 call. The caller identified herself as Rebecca, and stated she was a social worker at St. Mary's Hospital. Rebecca made the 911 call to Long Beach Police Department's Communication Center on March 4, 2014.

On March 23, 2015 I telephoned St Mary's Hospital and requested to speak with a social worker named Rebecca. I was told she no longer worked at the hospital. I asked for information regarding her whereabouts and full name but I was told the information would not be provided to me.

I searched open source information on the internet and determined a social worker named Rebecca [REDACTED] had worked at St. Mary's Hospital. I was able to determine she had moved to Boston, Massachusetts and appeared to be working at Tufts Medical Center located at 800 Washington St. Boston, MA. 02111. I located a telephone number (617) 636-5136 for the Social Services Department at the medical center.

On March 24, 2015 at approximately 7:30 am (Pacific Standard Time) I called the above telephone number and asked to speak with Rebecca [REDACTED]. I was transferred to her telephone extension. There was no answer and I was eventually connected to Rebecca's voicemail. I decided not to leave her a message at this time.

Later the same morning I called the Social Services Department again. The same person I had spoken with earlier confirmed Rebecca was at work. I asked for a direct telephone number for Rebecca's desk and I was provided the telephone number (617) 636-7598. I tried to call Rebecca's desk but was again connected to her voicemail. I chose not to leave a message again because I wanted to speak directly to her.

On March 25, 2014 at approximately 8:30 am (Pacific Standard Time) I called Rebecca's telephone number again. I received no answer so this time I left a

voicemail message. I identified myself and requested for her to return my telephone call.

At approximately 10:15 am (Pacific Standard Time) I received a telephone call from a woman who identified herself as Rebecca [REDACTED]. I told Rebecca I was a private investigator hired to investigate the death of Dana Jones. I told her the death occurred in March of 2014 and Dana's family was looking for information about how Dana's death occurred. Rebecca confirmed to me she had been a social worker at St. Mary's Hospital. She then told me she was uncomfortable talking with me about the case. She explained she was bound by patient and hospital confidentiality. She asked me if I was with a law enforcement agency and I again told her I was a private investigator working for the family.

She repeated she could not say anything because of confidentiality. She told me if she was subpoenaed she would then be legally able to talk freely about the case. I thanked her for returning my telephone call and ended our conversation.
